

## Everything a dealership does, and much more.

### **Selling your current car**

DriveWise Auto will buy your vehicle and relieve the stress of trying to sell it, even if it's leased. We'll provide you with a competitive value, eliminate the risks of selling privately, and remove the hassle and expense of advertising and repairs.

Your vehicle is a significant investment. Making the decision to safe-guard it should be just as important. DriveWise Auto offers quality products and accessories that protect you from the unexpected expense of repairs, provide security, convenience, and peace of mind. Be sure to ask about UltraSeal, for the protection of your vehicle's appearance, and Mechanical Breakdown Protection to protect its parts and functionality.

### **Vehicle customization and add-ons**

DriveWise Auto can help you craft the look and performance of your car with nearly any add-on product you're looking for, including: Custom Wheels and Tires / Entertainment and Navigation Systems / Alarms / Spoilers and Running Boards / Window Tint / Tracking and Recovery Systems / Back-Up Cameras / Parking Sensors

### **Relationships for life**

The service provided by DriveWise Auto doesn't end when we hand over your new car keys. We stand by you during every aspect of your vehicle ownership. Whether you need tires, a windshield repair, advice about body work or repairs, information about service, or even to figure out what a dashboard indicator light means...we're always a phone call or email away.

## Competitive pricing. Concierge service.

Let's face it...vehicles are what get us from point A to point B, but they're also a product like any other, which makes finding a good price easy for most. What's not easy is finding a company that offers good pricing AND great service. DriveWise Auto does both, and works hard to put pricing and your experience at the forefront of every transaction. We guarantee extremely competitive pricing for all makes and models, new or used, and second-to-none concierge service.

## A company with real values.

We believe in giving back to the community, every day and through every car we deliver. That belief, together with our honesty, integrity, and professionalism, is why you can feel good about choosing DriveWise Auto. We create an auto-buying and leasing experience unlike any other.

## Let's continue to make a difference... together.

When you buy or lease a vehicle from DriveWise Auto, we make a donation to your favorite charity, but the giving doesn't stop there! We make an additional contribution to that charity each time you refer a new client who buys or leases a vehicle from us.
